Mr. Sousa

Dear Mr. Sousa,

Over the past four years that we have had you as a teacher, we are pretty sure you have only taken ONE sick day. Even on that day, you still came into school before leaving later in the morning.

Your dedication to our education and to Saint Bernard's High School as a whole is nothing short of remarkable. It cannot be overstated how much we appreciate your consistent effort in educating us in History and Government. Your engaging classroom lectures never cease to teach us something new.

Outside of the classroom, your efforts in guiding the student council has led them to put on many great events. Your interesting historical anecdotes, STB famous G.I. Joe collection, and your dreaded "Questions to Ponder" will all stick with us as we move on from Saint Bernard's to college.

You've been a tremendous role model for us to follow over the past four years. We cannot thank you enough for all of your help, effort and dedication in the STB community.

Dear Mr. Bramson,

Even though you left home for a year, it feels like you never left STB. We don't blame you for wanting to come back. Our school community thrives when you are involved.

From your trumpet playing in music ministry, to your classroom lessons with the smartboard, it is safe to say that you are dedicated to your job and to the students at STB. The care and attention that you give every student in your class is truly amazing.

Your ability to present new math concepts is easy and understandable to students is just a small part of what makes you a great teacher. Your amazing sense of humor, friendly disposition, and infamous cherry red mustang will always have a lasting impression on us.

We certainly missed you last year, but couldn't be more excited to have you back in the Bernardian community. Thank you for all that you have done for our school!

A Letter from the President of the Class of 2020

Freshman year we heard a lot of upperclassmen tell us not only will these next four years be the best four years, but they will fly by in the blink of an eye. I am sure many of you, like myself, listened to them and thought "It's just school, how great can it be, the past four years of middle school didn't fly by. How will this be any different?" Now we are graduating high school and feels like just yesterday high school began.

I am sure family and friends have been asking "Are you happy to be done with high school?", but this question is not a simple yes or no answer. While we are excited for the next chapter in our lives there are a lot of reasons, we might want to hold on to high school forever. We will miss having all of our best friends being so close, we will miss playing with our teams, but most importantly, I think we will miss being in the building and feeling the sense of community we have all become so accustomed to.

Life is about beginnings and endings. As the classic saying goes "all good things must come to an end." It is what you do with those beginning and endings that is important. There must be a balance between the focus on the new beginning and the recognition of what is being lost

I hope that in future endeavors you remember not only the greatness yet to come but the people along the way who have helped you get there. There are so many lessons and memories this school gave us, like Mrs. Laughlin teaching us to never open an account with Citi Bank, Mr. Adams' endless stories, Mr. Recos putting into perspective how much more we have to learn, Mr. O' Leary teaching us "no stress, no stress", and who could forget Mrs. Boudreau's rendition of Gilgamesh! I know STB provided us with the tools we need in order to be successful, and now it is time to put them to use! I wish all members of the class of 2020 the best of luck in their future endeavors and I cannot wait to see what we all accomplish!

Congratulations to the Class of 2020!

Sincerely,

Trina Fearon

A Letter From Your Class Advisors

"It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of Light, it was the season of Darkness, it was the spring of hope, it was the winter of despair, we had everything before us, we had nothing before us...in short, the period was so far like the present period..."

This quote from Charles Dickens, *A Tale of Two Cities*, certainly describes this school year of the Class of 2020. You began with high hopes, anticipating great accomplishments. And that you did. You lead the Bernardian community in many outreach programs: joining with the United Way to provide food for our neighbors in need, adopting a boy in Haiti and providing for his education, giving Christmas gifts to the children of the Spanish American Citizens Center. Sport teams celebrated many accomplishments peaking with the Division 8 State Championship. Senior Retreat provided a time to grow spiritually and as well as to grow together as a class. The college application process culminated with acceptances, decisions and exciting plans for the future

Then, on March 13, things changed for you. The Covid-19 Pandemic struck. STB's doors closed and distance learning began. Some of you faced this challenge with ease; while others had more difficulty-but all of you met the challenge. There were disappointments: the Prom, spring sports and hopes of a Championship Lacrosse season, and outreach opportunities didn't happen. You faced these setbacks with maturity and grace; after all, we believe in the Resurrection!

STB Class of 2020, we wish you blessings beyond all of your desires as you begin the next chapter of your life. Reflect on the blessings you have received with a grateful heart. Dream while taking the steps necessary to fulfill your dreams. Share your gifts and talents to make a difference in the world. Keep STB's motto "Love One Another" close to your heart and remember, God is always with you.

COVID-19

CORONAVIRUS OUTBREAK

HEARTBREAK

The emergence of a new coronavirus strain in 2019 becomes one of the largest public health threats in recent history. The novel coronavirus causes a respiratory illness called COVID-19 that produces a cough, fever and trouble breathing. After its discovery in China in late December 2019, COVID-19 quickly spread across the globe with 1.4M total confirmed cases as of April 7, 2020. Efforts to flatten the growth rate of COVID-19, including school closures, result in major changes to everyday life.

LIFE IN QUARANTINE

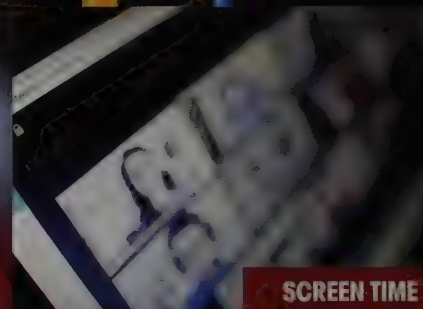

SUDDEN SHORTAGE

Stores across the country find themselves with cleaning and sanitary product shortages due to panic buying and hoarding behaviors. One of the most sought-after products is toilet paper.

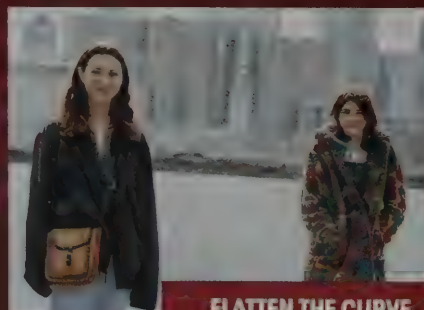

SOCIAL DISTANCING

Restaurants, houses of worship, retail stores, movie theaters, shopping malls, schools and more close in an effort to slow the spread of COVID-19 through "social distancing." In March, President Trump recommends limiting gatherings to less than 10 people.

SCREEN TIME

Video conferencing usage increases as people leverage the technology to connect with friends and family.

FLATTEN THE CURVE

In order to flatten the growth rate of COVID-19, social distancing becomes a way of life for many. Examples of social distancing include avoiding larger crowds and staying off away from other people.

NETFLIX & QUARANTINE

Netflix Party, a Google Chrome extension, lets friends watch Netflix shows together while quarantined apart from one another.

STAY HEALTHY

The Centers for Disease Control and prevention instruct people to wash their hands often with soap and water for at least 20 seconds, roughly the equivalent of singing "Happy Birthday" twice.

In a special episode of The Harbor by Jostens, host Mike Smith talks about how to stay rooted in love, hope, and optimism during these unprecedented times.

Jostens

ROOTED IN LOVE

**DESPITE THE
ADJUSTMENTS DUE TO
COVID-19, ARE THERE ANY
POSITIVE EXPERIENCES
YOU HAVE HAD?**

I would say this has helped me connect with family better. We had a family game night Tuesday and movie night last night. It has helped us come together in a not so good time.

-Kendal Lynn Adams / West Carrollton, GA

Since I've been staying at home, I've been able to hang out with my little brother and become real close with him. I've never realized how funny he was.

-Anthony Bonet / Naples, FL

COVID-19 has made me realize how grateful I am for the simple things in my life, like being able to go to school every day. Even though I sometimes complain about the workload, I never realized how much I would miss going to school until I wasn't able to.

-Elizabeth Stuart-Chaffee / La Jolla, CA

I have learned to respect what elementary school teachers do every day because teaching my little brother is DIFFICULT.

-Kameron Koehler / Ladson, SC

WORDS OF ENCOURAGEMENT

WHAT WORDS OF ENCOURAGEMENT WOULD YOU LIKE TO SHARE WITH THE WORLD?

Other generations have had their setbacks and struggles. It seems that our time for them has come and just like our ancestors we will get through this together. We will come out stronger and more connected than before.

-Brian Miske / Gustine, CA

You can learn something from this time off. Take this time to get stuff you've waited to get done **DONE!** Don't take this time for granted. One day you're going to be telling your kids what you did these weeks. Don't have a lame story to share.

-Layten Goudy / Bryant, AR

Try journaling about your experience! I'm sure it'll make for a great story to tell your future family and friends, plus, it helps to get all your bottled up feelings on paper.

-Melissa Harbican / Colorado Springs, CO

Find the silver lining in all of this. I guarantee you can find some good in this abyss of bad. Reaching out to those closest to you is super important if you feel like you're struggling.

-Sydney Scarborough / Westminster, CO

SENIOR SADNESS

As a senior, it has taken many of the activities I have been looking forward to since freshmen year, I may not go to Prom, or Grad night, or even walk at my graduation, let alone spend the last 3 months at school with my best friends.

-Teagan Tovsrud / Madera, CA

WHAT EVENTS ARE YOU CONCERNED ABOUT MISSING DUE TO COVID-19?

Definitely graduation, I want to walk and I want to have people there to support me and see what I've achieved. If we don't have our families there it just won't be the same.

-Emerald Ramos / Pueblo, CO

I am mostly worried about graduation and my graduation party. I have been looking forward to seeing all of the people that have helped me get to this place and those who will help me succeed in the future.

-Gillian Telfer / Elk River, MN

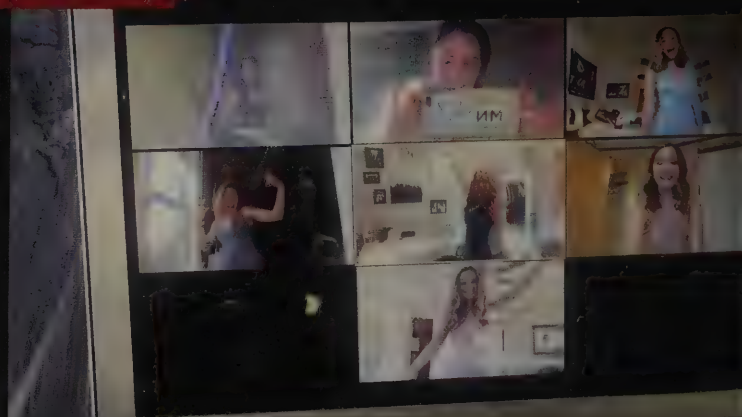

My senior prom could possibly be canceled. I already purchased my dress and I have been looking forward to it for months.

-Whitney Weyforth / Martinsburg, WV

Graduation and Prom mean a lot to me because I didn't work this hard for 4 years to get nothing out of it. Just walking across a stage and hearing the principal say your name is a big accomplishment for a lot of graduating seniors.

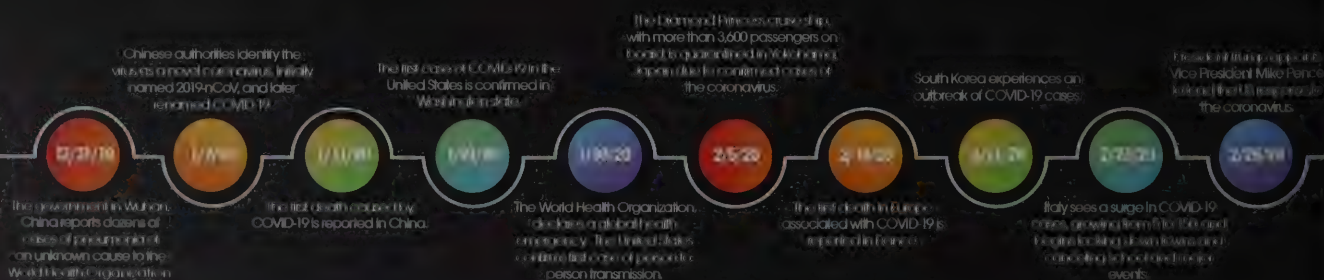

-Alliea Fang / Brooklyn, NY

VIRTUAL PROM NIGHT

Classmates from Visitation School in Mendota Heights, MN show off their prom dresses online while quarantined at home on prom night.

TIME LINE OF EVENTS

HOW DO YOU FEEL ABOUT MOVING TO ONLINE LEARNING?

I understand that virtual learning is necessary, but it makes learning a lot less fun. Interacting with teachers and friends teach you more valuable lessons than you can learn virtually.

-Jacob Engle, Colorado Springs, CO

I initially thought I would enjoy virtual learning, however, it is not as easy as I would have imagined. If I am not begging the WiFi to work, I am resisting the urge to constantly check social media and my messages.

-Elizabeth Jansen, Napanee, IN

I miss driving to school every morning while jamming to some music.

-Isabella Mulder, Willmar, MN

I actually like it! I can do my homework on my own time and I don't have to wake up so early to do it therefore I am more focused.

-Amie Thresher, Colorado Springs, CO

I'm okay with it, mainly because I can stay in my pajamas.

-Nika Lee, Palo Alto, CA

WHAT ARE YOU MOST CONCERNED WITH RUNNING OUT OF DURING QUARANTINE?

I know it sounds cliché, but toilet paper. The reason being that I can't find toilet paper at any local stores because everyone is hoarding it.

-Lilly Marie Weber / Willmar, MN

I am worried about running out of food. Doing this at home is great but it gets boring very quick.

-Sydney Lindsay / Madera, CA

Dog food!

-Jessica Washburn / Martinsburg, WV

I'm worried about not having access to my teachers (in person). Yes, emails are a way to stay in touch with them, but there's something about talking to a teacher in person that helps me way more than an email ever could.

-Natalie Sattler / Bryant, AR

HOW HAVE YOU BEEN PASSING THE TIME?

I am doing a lot of puzzles, 3,850 pieces to be exact.

-John Franklin / Lake Elmo, MN

I have been babysitting since some parents still have to work and can't be with their kids all the time.

-Fabian Martinez / Chapel Hill, NC

I have been able to catch up on Netflix!

-Celeste Ponce / Madera, CA

I've learned new Tik Tok dances and tried new recipes/hacks I've always wanted to try.

-Jacqueline O'Moulasy / Merced, CA

Italy imposes a national quarantine.

Brooke Senatore

Brooke, There will never be enough words to describe the immense love and appreciation I have for you. You truly are one of the biggest blessings in my life and you make me so happy it's unbelievable. You are everything I have ever needed and more and no sister bond could ever rival what we have. I am so proud of you and the person you have become. There isn't a day that goes by that I don't talk about you and boast about how special you are.

I love you Mini, forever and a day, Paige

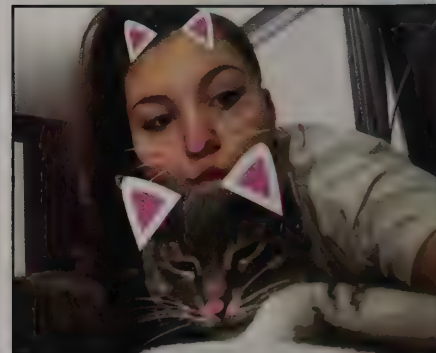

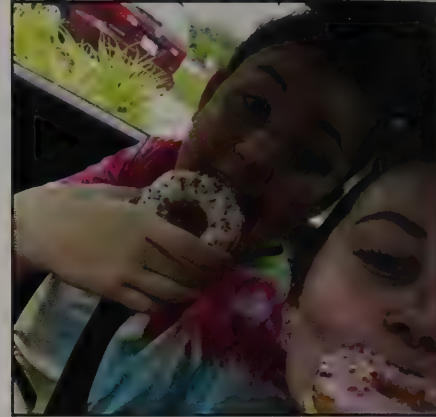

Brooke, Throughout the years, your ability to stay true to yourself and effortlessly navigate social environments has always been inspiring to me. Watching you grow into a confident young adult that's ready to take on the world has made not only me, but the whole family incredibly proud. I'm so excited to see everything you're able to accomplish as you go off to college. Remember to try new things and enjoy every moment.

Love you always and forever, Cole

Dear Brooke, You make us laugh with your infectious smile, your spontaneity and your bubbly personality. You are so **STRONG** and will accomplish anything you set your mind too, as you have proven to those who have doubted you and have put you down. Don't ever let anyone tell you can't do it. Continue to be true to yourself, don't ever change or settle. Your free spirit will serve you well as you journey continues. We are so very proud of the young women you have become.

Your wings already exist...all you have to do is fly!
CONGRATULATIONS BROOKE!

All our love, Mom & Dad

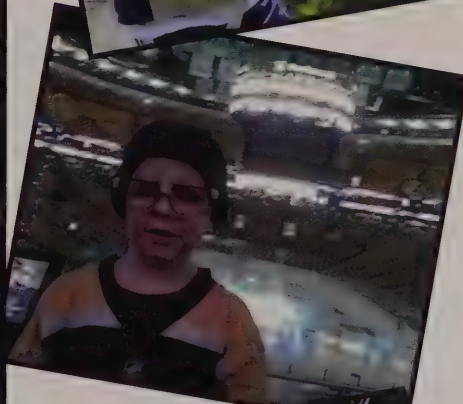

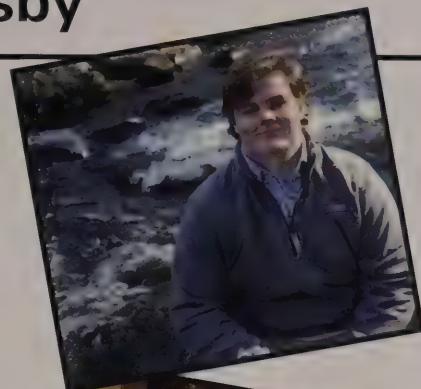

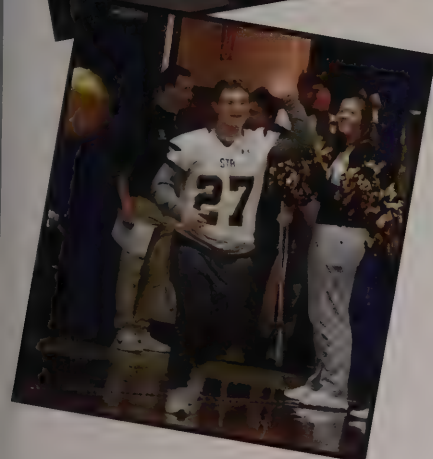

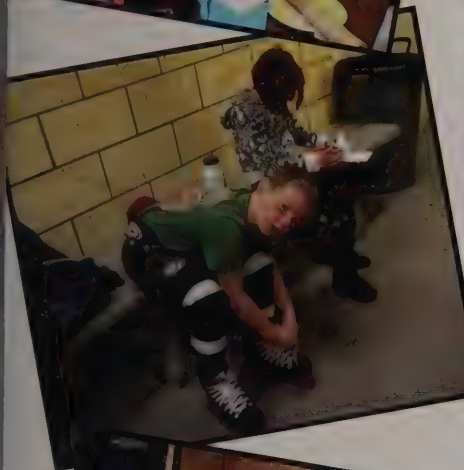

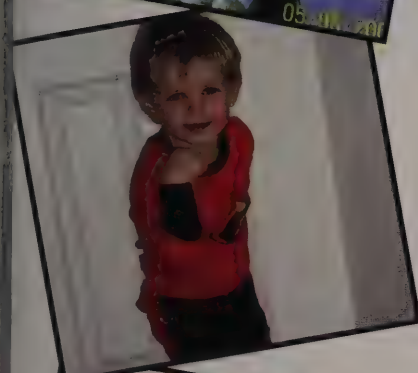

Benjamin William Goolsby

We closed our eyes for a moment, and suddenly a man stands where our little boy used to be. We may not carry you in our arms any longer, but we will always carry you in our hearts. You have given us so many reasons to be proud of the man you have become, but the proudest moment for us is telling others that you are our son, grandson, brother and friend.

We love you more today than yesterday and are eternally grateful for all the attention, guidance, instruction, pep talks and even some tough love that your village of teachers, coaches, teammates, friends and more have given you over the years. Go do great things.

Love,
Mom, Dad, Grace, Nanny, Bumpa & Gee Gee

For my sweet girl. From the moment that I found out I was pregnant with you I knew I was going to be blessed. Each and every day you show me that I was right. You are not just sweet and loving but are funny and kind. You're not even done growing into the amazing woman you will be yet. I will never stop being wowed and inspired by you and your beautiful heart and wacky wit. So as you graduate high school and move onto college and even more amazing adventures. Know that I love you and will always be right here waiting to hear about your day and your dreams.

-Love you always!
